---

### Summary of Progress this Report

- Alec Harrison
    - Work on cleaning up the Nav bar it looks rough with the admin branch.
    - Confirm Admin branch works.
    - Configured DB to accept outside connection for debugging locally.
    - Deploy all changes.
  - Caleb Olson
    - Get direct access to the database to manually insert admin users.
    - Work on additional admin privileges.
  - Daniel O'Neill
    - Get the email formatted to the new invoice template and be able to finish this function of the project, adding the skeleton for emails elsewhere.
  - Mitchell Bennett
    - Help with integration of Doll inventory into our system.
  - Thomas Wesolowski
    - Assist Danny with templating engine for email invoice rendering
    - Further work on integration of Doll Inventory and Pricing data
  - Thomas Staudt
    - Implemented username display and admin status display on the admin tab.
- 

### Plans for Upcoming Reporting Period

- Alec Harrison
  - Clean up mobile UI on some pages.
  - Fix footer to stay on bottom of page.
- Caleb Olson
  - Add admin tab functionality to revoke user validation.
  - Fix validation buttons to toggle based on current user state.
- Daniel O'Neill
  - Contact Amazon on getting our ec2 instance out of the email sandbox.
  - Create cron job to check if the website is down and alert necessary people.
- Mitchell Bennett
  - Help with current CSV to inventory.
  - Communication with Doll on DNS services.
- Thomas Wesolowski
  - Finish import for VIP data.

- 
- Integrate new data into item and cart pages.
  - Thomas Staudt
    - Separate admin settings functionality from regular user settings functionality.
-
